

FAKULTÄT FÜR WIRTSCHAFTSWISSENSCHAFT

Master (M. Sc.) program Management

The Master Program in Management is designed to equip students with the knowledge, methods, and skills necessary to pursue professional career in business or academia. The program builds upon a strong basis in quantitative methods, (finance, marketing, and strategic) management, and economic theory provided within the first two semesters. According to their interest and career plans, students choose to follow either a more practically oriented or a more scientifically oriented study path. A 3-semester fast-track option (including the preparation of the master thesis), may be offered to especially qualified and hardworking students upon enrollment. Prior work experience is not required for admission. The program emphasizes international aspects. The language of instruction is English, and the student community is international, German and international to equal halves. Integration of studies abroad (preferably in the 3rd semester) is recommended.
