To students of the terminating Master's programmes/SPO versions:

Management (PO 2009) — International Economics and Finance (PO 2010)

(Matriculation before WS 17/18)

Equivalent Exams:

Dear Master Students of the expiring programs,

The examination board of the Faculty of Economics has decided on comprehensive **equivalence examinations** between the expiring and the active Master's programmes / SPO versions for the **winter semester 2019/2020**.

These are listed in detail in **Table 1** below and were published on the homepage of the FWW Examination Office under the heading "Announcements" in addition to the notice board.

As a result, the compulsory examinations replaced in this way will be offered for the **last time in SS 2019**. Therefore, from winter semester 2019/20, the corresponding equivalence exams are to be taken.

Expiring compulsory examinations to which no equivalence was decided are offered unchanged in each semester.

Yours sincerely,
