

# **MA-Financial Economics (86/323/20192 + 1. Satz.-Änd.)**

## **Programme Structure (Passing Requirements):**

- Compulsory courses
  - **45 CP** in the first two semesters
  - Courses in WS or SS; examinations in each semester
- Academic Methods
  - **5 CP** in compulsory elective modules
- Specialization
  - **minimum: 15 CP** in compulsory elective modules
  - **minimum: one seminar (10 CP)**
  - **exactly: one scientific project (15 CP)**
- Final seminar „Master thesis“ (30 CP)
  - Master thesis (24 CP) + presentation (6 CP) must both be passed
    - Processing time (including 4 weeks reading period): 22 weeks
    - max. extension: 4 weeks
  - Prerequisite for admission:
    - 75 CP, incl. all compulsory courses
    - At least 5 CP in „Academic Methods“
    - 1 Seminar (=10 CP) passed

## **Language, additional modules, notes**

- Additional modules:
  - are not recognizable for the programme/ are not included in the final grade
  - separate identification on the certificate upon registration for the examination
- Seminar (10 CP) + Scientific project (15 CP)
  - can be substituted by external modules
  - Required performances:
    - Seminars: Seminar paper **and** presentation
    - Scientific projects: no specifications

### Retaking possibilities:

- no attempt count: for elective and compulsory elective modules
- **a maximum of two repetitions** = 3 tries each for:
  - Seminar
  - Scientific projects

### Definitive failure to pass ("or" rules)

- 3 times a module of the type "compulsory courses" not passed
- 3 times a module of the type "seminar" not passed
- 3 times a module of the type "scientific project" not passed
- 2 times module "Master thesis" not passed

### Additional notes

#### 1) Oral examinations:

- a. two examiners + observer if necessary
- b. in generally 15 minutes examination time

#### 2) Collusion rule for the two-tester principle:

- a. Examination passed, if min. passed with "sufficient"
  - i. arithmetic average → 4.3 or less = passed
- b. always rounding down for better
