Our faculty members are actively engaged in academic research and publish regularly in the leading Georgian and international academic journals, as well as serving as consultants for governments and international organizations.

Summer Schools devoted staff members are always there to help and assist you in case of any technical issues.

Campus history and its facilities

CU's historically significant campus with its infrastructure and modern equipment is one of the largest higher educational institutions not only in Georgia but in the whole south Caucasus Region.

This historical building, once a seminary that had been in possession of Caucasus University since 2005, was initially constructed in 1909. Before the relocation, reconstruction works were under way for several years to allow the preservation of unique culture and architecture. Consequently, all the parts of the seminary capable of being restored have been reconstructed.

Guided Tours and Activities Inside Georgia

Mtskheta - is the UNESCO world heritage site. It has been inhabited since before 1,000 BC and was once was a capital of the early Kingdom of Iberia. Just 20 km from Tbilisi, at the confluence of the Mtkvari and Aragvi rivers, The city is located on an ancient trade route. Archaeologists have unearthed evidence of Mtskheta's status as a major trading post.

Tbilisi City Tour - You will take a glance to the history of the city from early centuries to nowadays by walking in narrow streets of the city and will explore the religious and secular architecture. Here you will find churches, synagogues, mosque as well as famous 19th century houses with wooden balconies.

Okatse Canyon - Natural monument in Georgia, located in the village of Gordi of Khoni municipality, in the vicinity of the river Okatse. It is uniquely located in the unbelievably deep and narrow ravine. Okace's canyon is 3 to 6 meters wide and 20 to 100 meters deep. Along the canyon several waterfalls could be found, height of one it is 70 meters. Okatse Canyon occupies more than 2 kilometers and regarded to be the masterpiece of the nature.

Prometeus Cave -This 1.4km-long cave at Kumistavi, 20km northwest of Kutaisi, is a succession of six large chambers followed by a 400m-long underground lake. Sections are truly impressive, and the guided visits along a well-made concrete path are enhanced by discreet coloured lighting and a little background classical music. Children under six years are not allowed in the cave.

Sataplia Cave - is named after Sataplia Mountain, which gained its name from the local tradition of collecting honey from the bees that inhabit the mountain's southern slope. Sataplia means 'place of honey'.

Kakheti - to explore the best-known places of Georgian traditional winemaking center, known also for its magnificent nature of fertile valleys and numerous architectural monuments of the Middle Ages. The ancient fortresses and temples, shrouded in legends, monasteries, magnificent buildings with a century-long history, felt in every stone of the masonry darkened with time, cause an involuntary awe.

Stepantsminda - town in the north of Georgia, popular for the trekking opportunities in the visually spectacular surrounding mountains, its views of the mighty Mount Kazbegi, and for the beautiful view from the town of the Holy Trinity Church outlined against Mount Kazbegi itself.
